AB YACHTS

# TWO SOULS, ONE VISION

Next Yacht Group represents a new horizon in Italian yacht building — where technology and craftsmanship converge to redefine life at sea.

its identity flows from two complementary souls: AB Yachts, the performance-driven expression of speed and precision, and Maiora, the embodiment of quiet elegance and lefinement. Together they form a continuum of excellence that balances adrenaline and comfort, engineering and emotion.

Rooted in the historic shipyards of Viareggio and Massa, the group's mission is to craft yachts that are not only objects of beauty and innovation, but enduring companions of experience — vessels that navigate the future with intent, grace, and unmistakable italian character.

# ENGINEERING GROWTH, BUILDING EXCELLENCE

Today Next Yacht Group stands as a solid, contemporary industrial reality: over 67,000 m² of shipyard surface across two production sites, a portfolio surpassing €100 million, and more than 360 yachts delivered worldwide.

Since its relaunch, the Group's workforce has expanded by over 140 percent, supported by specialised design, engineering and after-sales divisions.

With a €75 million production value in 2024 and ten outfitting stations ready for bespoke construction, Next Yacht Group has evolved from a boutique shipyard into a structured, forward-thinking luxury powerhouse — united by innovation, progression and italian craftsmanship under one distinctive name.
