YACHT GROUP

## TWO SOULS, SHAPED BY ONE VISION.

Next Yacht Group represents a new horizon in Italian yacht building — where technology and craftsmanship converge to redefine life at sea.

Its identity flows from two complementary souls: AB Yachts, the performance-driven expression of speed and precision, and Maiora, the embodiment of quiet elegance and refinement.

Together they form a continuum of excellence that balances adrenaline and comfort, engineering and emotion.

Rooted in the historic Tuscan shipyards of Viareggio and Massa, the Group's mission is to craft yachts that are not only objects of beauty and innovation, but enduring companions of experience — vessels that navigate the future with intent, grace, and unmistakable Italian character.

## ENGINEERING GROWTH, BUILDING EXCELLENCE

Today, Next Yacht Group stands as a solid, contemporary industrial player, with over 67,000 sqm of production facilities across two shipyards, complemented by the recent acquisition of a 40,000 sqm facilities in Pisa and La Spezia, an order backlog exceeding €100 million, and more than 380 yachts delivered worldwide.

Since its relaunch, the workforce has grown by more than 140%, supported by dedicated design, engineering, and after-sales teams.

With a 2025 production value of €100 million and ten outfitting stations dedicated to bespoke yacht construction, Next Yacht Group has evolved from a small shipyard into a structured yet still boutique organization—combining industrial strength with flexibility, innovation, and Italian craftsmanship under one distinctive name.
